Dear Batuz,

Thank you for the information on your and Günther Meyer's visit to Boston. I want to confirm or explore a few matters.

1) You and I will want to talk on Thursday 11/6 and/or Friday 11/7. I am asking Anne Simunovic to keep those days as free as possible until you say when we should meet. I am also asking the "Altzella Four" to find a time when they are all available to meet with us. The times I cannot meet are:

11/6: 11:45-2:15 and 5:30 on

11/7: 9-1

Would you please propose some meeting times, so I can reopen other parts of my schedule on those days?

2) Nancy and I are planning a dinner for you, Meyer and Société members on the evening of Sunday 11/9. I think that is what you expected, but please confirm this is OK.

3) President Vest of MIT is out of town in these days, but the chief academic officer Provost Joel Moses is pleased to receive us at 10am on Monday 10 November. I assume this will involve Moses, Meyer, you, me, and the MIT Archivist and Art/Architecture Librarian Margaret de Popolo (who will take the Société portfolio in her care). Would you like one or more of the "Altzella Four" to join us?

4) Is Mr. Meyer accompanied? For the dinner? For the meeting with the Provost? If so, I would appreciate knowing their names. . .

With best wishes,
