Dear Batuz, dear Uli:

This is a letter concerning the Dieste event at Altzella. Those of us coming from Cadenabbia will arrive at Altzella in the afternoon of Sunday 30 May. I am trying to arrange that other participants in the planning for a Dieste conference will arrive on 31 May. The discussions might begin that evening but will be concentrated on 1 June. The participants may depart either in the afternoon or evening of 1 June or on the morning of 2 June. Nancy and I will depart Dresden on Thursday 3 June.

Requests relative to participants:

- 1) Earlier I sent you a fax with the travel plans of Professor Jörg Schlaich of Stuttgart. Please send him a letter confirming that he will be met at the Dresden airport (Mon., 31 May, 19:05) and returned there (departing flight, Tues. 1 June, 16:50). I have promised nothing for his travel costs, but you may wish to offer that.
- 2) Herewith I send you a fax with the travel plans of Professor Thomas Herzog of Munich. Please send him a letter confirming that he will be met at the Dresden airport (Mon., 31 May, 16:35) and returned there (departing flight, Tues. 1 June, 20:50). I have promised nothing for his travel costs, but you may wish to offer that.
- 3) Urgent: You agreed that one additional person associated with MIT would be invited to Cadenabbia (arrival Milan Thursday 27 May) and then continuing on to Altzella on 30 May. The person I have nominated is Edward Allen, an architect with extensive experience and publishing in building technology. I have understood this to be an invitation with travel to Cadenabbia provided by the Adenauer Foundation. If that is correct, would you please send an invitation to him at 129 Eliot Street, South Natick, MA 01760 (off. tel. and fax 508 653-3852; home tel 508 655-8267; <allenarch@compuserve.com> Please copy me.
- 4) For Altzella, 31 May - 2 June, I would ask that you invite a young but accomplished Berlin architect who would also publicize our event and plans through the journal Arch+. His name is Thomas Kaup of Haertwig Kaup Wiegand + Partner, Stargarder Straße 65-66, 10437 Berlin (030 446 2126; fax 446 2936). I do not believe he would require any travel allowance, but I don't know whether he would drive to Altzella or take a train to Dresden. Please copy me on any correspondence with Kaup.

With best wishes,

Stanford Anderson
