

*Ministerio de Transporte  
y Obras Públicas*  
SECRETARIA

Montevideo, 21 de abril de 1999.

Dear Mr. Anderson.

Sorry about the delay, but it is time of elections and I'm supporting my candidate for President.

Batuz told me he has been in close coordination with you, so I believe you already received news from Uruguay.

Related to your fax dated 17/3/99, I'm in full agreement with your plan, beginning with the meeting in Cadenabbia.

The Ministry of Transport and Public Works will fund Montevideo meeting by year 2000.

This will include all local costs ( hotel, meals, organization, meeting place, local transportation, etc). I'm afraid we will not be able to fund air tickets but we will try to do so.

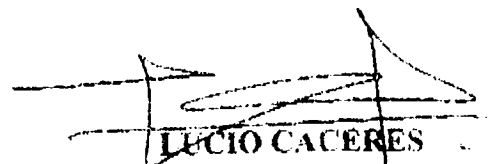

I'm trying to send you the Dieste's Catalog, but it has been printed in Spain and it seems is out of stock.

In case I can gather eight copies from friends it would be efficient if you fax me the mailing addresses to send them by courier, or else we can take them to Cadenabbia ( although this will not fulfill the motivation purposes).

If you need something else, fax or phone me.

Elections are on April 25 and I hope afterwards. I'll be able to take care of further arrangements.

Sincerely yours

  
LUCIO CACERES
